

Counselor & Administrators Update Agriculture Careers and Opportunities

There is no industry more important to our communities and country than the agriculture, food and natural resources industry. Over 21 million Americans work in these fields – fields that produce 16 percent of total world food production.

The Michigan Agri-Business Association, Greenstone Farm Credit, Michigan Department of Education and Michigan State University are partnering to sponsor this free workshop for counselors and school administrators. Lunch is provided.

To RSVP for a workshop or if you have questions, please contact Dustin Petty at pettydus@msu.edu or 517.420.1658.
